

CORPORATE ASSOCIATE MEMBERS

The Energy & Geoscience Institute (EGI) is your Member organization, bringing you the highest quality, cost-shared scientific research, competitive education and peer consultation with global experts.

EGI scientists collaborate with colleagues across academic, industry, and government organizations around the world to discover and improve scientific innovation and applied technologies.

EGI's integrated science, research and expertise leads to lower exploration costs and enhanced production knowledge and capabilities for EGI's members.
